

This guide contains information regarding changes to CM/ECF events and procedures.

The Northern District of Texas Bankruptcy Court has adopted the Bankruptcy Loan Modification Program for Chapter 13 Debtors. The purpose of this program is to provide a uniform procedure to allow Chapter 13 Debtors, Lenders, and other parties to negotiate a potential modification of an Eligible Loan. The goal of the Loan Modification Program is to facilitate communication between the parties; provide for the confidential exchange of information and documents; and to encourage the parties to finalize a feasible, consensual, and beneficial loan modification.

The creation of this program requires several additions to the courts CM/ECF event dictionary.
