Great Seminar*

San Francisco combines cool summer weather, scenic beauty, cultural attractions, great restaurants, first-class shopping, and walkable surroundings to create the most eclectic of American cities.

In addition to a fabulous location, an outstanding panel of judges, attorneys, and trustees will spend two full days on two of the hottest topics in Chapter 13 --

***Mortgage Claims and
Secured Vehicle Claims***

The seminar will also provide an hour of ethics CLE and a case-law update on Chapter 13 developments.

With mortgages and cars on the forefront of everyone's radar, you cannot afford to miss this year's most comprehensive seminar on these critically important topics.
